# 1951 Greetings

Dear Friends: Another year and we are sending to you our best wishes, hoping that you can find time to look through our list of gladiolus.

Above the General list; you will find a new Kinyon Variety for 1951, and first of the small varieties is "Spot O'Rose." This was new for 1950. These have both been well liked when shown on our seeding shelves.

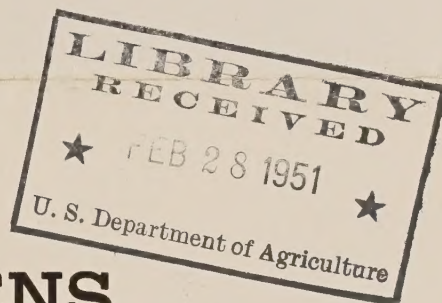

In the General List; There is first name of variety, then name of originator. With my own and the very new, or very old varieties, you will find the year it was first offered for sale. These very old varieties are the ones, that are hard to find and wanted by hybridizers or for sentimental reasons.

Description and blooming time are as accurate as possible.

Each year since 1929; Every day during the blooming season, we have an exhibit of Gladiolus in the basement of our home, and it is a pleasure to show you the flowers. To meet old friends and to make new ones. Any time you are near here, come and see us and the flowers.

You will always be very welcome.

Mrs. George Kinyon  
Pauline Archer.

## KINYON GLAD GARDENS

Secord Route  
GLADWIN, MICHIGAN  
1951

Kinyon Glad Gardens are located 10½ miles east of Gladwin or about 16 miles west of Standish on M-61. Then ½ mile south through a woods road.

The Sign and Mail Box are on M-61. (This is about 45 miles North-West of Bay City.)

You can buy bulbs or flowers at the house.

Mrs. George Kinyon

Miss Pauline Archer
